

National Association of Healthcare Transport Management,
Inc.

www.nahtm.org

MISSION

The National Association of Healthcare Transport Management (NAHTM) is dedicated to the professional development of hospital based transportation managers, by promoting leadership excellence and providing members with the resources necessary to implement and practice the highest standards for patient transportation and related activities.

VISION

The vision of NAHTM is to be the nationally recognized information source for hospital based patient transportation and related activities. NAHTM will achieve this goal by promoting relevant technological advances, current management and leadership philosophy and, by developing and implementing certification programs.
